

The 5ème SI's trip to Bayeux

In December, we all went to Bayeux by train to visit the Bayeux Tapestry and the Cathedral. We had a lovely lunch and in the afternoon, we took part in a medieval art workshop, it was great. This gave us a better idea of the times William the Conqueror and his court lived in before he embarked on his trip to England in 1066.

« I enjoyed going to see the Bayeux tapestry and learn more about the history of this piece of medieval art. I'm a little bit disappointed about the workshop because I would have liked to do more ».

Camille

« The trip to Bayeux was interesting, but it was very cold.

I liked the cathedral and the food. But I didn't like the road with the train because I forgot my book. I also didn't like the work on the illumination because there was too much choice for the illustration.

Milan

« What I liked : the art session, lunch time, when we were in the church, it was interesting, What I didn't like : walking time, the wind and weather

Raphael

« I liked it even though I've gone there multiple times, it was still a nice experience and I enjoyed it very much. Thank you for bringing us there and the sandwiches were unforgettable !

Louis

In, the Bayeux trip I liked the tapestry and looking at replica's, I didn't like very much the little film we watched.
